## Market Manager

Will be responsible for “jurying” what vendors are allowed to bring to the market, as we follow the 80/20 rule. We only allow 1 of each resale vendor (example-only 1 Avon reseller)

80% means make it, bake it, or grow it.

20% means a resale vendor. Example Avon, including BC fruit.

Making sure each vendor understands the Farmers Market rules.

Has the right to ask to see the place of production and ask where your product comes from and if it is home made.

Manager of the market will have space available for vendors starting the new season. At large markets tables will be assigned, at regular markets tables are a first come first serve basis. If you come to the weekly markets, we will try our best to make sure you receive the table to your preference.
